COLUMBIA COLLEGE

THE FU FOUNDATION SCHOOL OF ENGINEERING AND APPLIED SCIENCE

William Diep

Columbia ID: [REDACTED]

Dear William,

Congratulations! Dean James J. Valentini and the members of the Committee on Admissions join me in the most rewarding part of my job — informing you that you have been admitted to the Columbia College Class of 2025.

You and your family have every reason to be proud of the achievements that we acknowledge with this good news. We hope you will also celebrate your admission with the teachers, counselors and others who have helped you along the way. We see in you an individual who will embrace everything that Columbia has to offer, and we are eager for you to contribute your unique voice and gifts to our college, campus, community and city.

At Columbia, you will surround yourself with friends, faculty and advisers who bring a world of different talents, backgrounds and perspectives to our campus. You will also immerse yourself in a curriculum that is both timeless and deeply relevant and discover endless opportunities to explore interests, activities and passions both old and new. And you will do it all in a city that is simply unlike any other.

As you savor the possibilities that await, please explore Lions' Den on your [applicant status page](#), designed specifically for the Class of 2025. There, you will [respond to your offer of admission](#) and learn more about next steps in the process, including the status of your [financial aid application](#). Should you have any questions, our admissions staff is available to assist you.

We are eager to have you join us in the fall!

Warmest regards,

Jessica Marinaccio

Dean of Undergraduate Admissions and Financial Aid
